## Toddler Classes (2-4 Years)

This program focuses on nurturing skills such as language skills, perceptual skills, motor skills and life skills through multisensory experiences.

## Kiddy Classes (4-5 Years)

This program focuses on children's developmental phases and encourages their natural curiosity through integrated and experiential learning approach.

It grooms them to become creative thinkers and facilitates their understanding of concepts through meaningful activities.

## School Field Trip

Field Trips give students educational experiences away from the regular school environment. Students visit different educational facilities learn in a more hands-on and interactive manner than they do in school.

## School Annual Concert and Special Programs

An event of 'talent show' in school or outside school give a chance for student to develop their confidence and showcase their talents in wider scope.
